The law states we have the right to ask you for this information and review it for accuracy under the financial aid program rules (34 CFR, Part 668). **Verification must be completed before your financial aid will be credited to your student account.**

IRS DDX INFORMATION

Students and parents who are eligible to use the IRS DDX (Direct Data Exchange) tool can access it while filling out the free application for Federal Student Aid (FAFSA):

- The DDX tool easily transfers information with the click of a button, and instantly and accurately retrieves your information. Once you consent for your information to be pulled, you will be transferred to the IRS website. Authorization of identity will be required before any personal information is displayed. Make sure you enter your address exactly how it appears on your tax return. If the link to the IRS does not appear, then the student/parent is not eligible to use the DDX tool.
- Start by going to the [FAFSA 25-26](#) if you have not already finished the form.
- Enter your FSA ID. (**Note:** The person whose tax information is being transferred should enter his or her own FSA ID. Students will not be asked to enter their FSA ID if they entered an FSA ID to begin their FAFSA.)
- If the student and spouse file or will file a 2023 IRS income tax return(s). As part of the Federal student aid eligibility, students and spouses (as appropriate), will be required to consent to import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2023 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS via the DDX.
- If 2023 income tax return information for the student (or spouse, if applicable) was not transferred via the DDX and considered verified, the student should provide the institution with a 2023 IRS Tax Return Transcript(s) or a signed copy of the 2023 income tax return and applicable schedules to be uploaded through our Secure Document Uploader in Joe'SS.
